“It was a joy watching them from the audience. These American dancers are so professional and involved in their dancing. They bring such nuance to ballroom and also popular dance moves. As someone in the field, I find this most enjoyable and respectable.”

CHI ANH • VIETNAM DANCE SPORT CHAMPION, VIETNAM

“The choreography spans such a wide variety of genres and emotions. The whole evening had me itching to spring to my feet and do whatever moves I could do - the energy was just contagious. It was all so incredibly clever!”
