

The Group

In celebration of the cultural heritage of North and South America and the South Pacific, Living Legends presents a vibrant display of culture, music, costume, and dance. Talented performers of native descent capture the rhythms of Polynesia, portray the fascinating legends of Native American people, and dazzle the senses with the energy of Latin America. Their lavish attire and intricate choreography are both authentic representations of the showcased cultures. Living Legends prioritizes tours in their native lands, a practice that encourages excellence and inspires a love for native culture in both the performers and their audiences.
