Dr. Brent Wells,
Director

Chorus

It was fantastic from beginning to end! I mean, it was just really magnificent! . . . A great appeal of the Men's Chorus is the great variety of things that they do. . . . They were just so well done. Everything was well done.

MACK WILBERG

MORMON TABERNACLE CHOIR

The bright, energetic, richly melodic sound of the BYU Men's Chorus contributes to its growing reputation as one of the premiere choral programs in the United States.

PRIMARILY A CAPPELLA

Truly I have never heard a large group of men sing with such precision and nuance—musical to the core!

KIRKE MECHAM

CHORAL COMPOSER

When I listen to a choir, the thing that I want to hear, aside from the obvious of right notes and right rhythms, is a spirit—I want my soul nourished, and I want to somehow know those people through their spirits. . . . There are many good choirs in the country, but there aren't many that sing with that kind of spirit and commitment and love. There is some kind of something going on there. They're really wonderful!
